Leading Chemical Company Implements SAP GTS In Just 4 Months, Enhancing Its US Export Compliance

▶ ABOUT THE CLIENT

AdvanSix is a leading chemical company that manufactures nylon 6 resin, chemical intermediates, and ammonium sulfate fertilizer. With its global presence and world-scale facilities, AdvanSix delivers best-in-class customer experiences and differentiated products in the industry to customers worldwide.

The Challenge

The client wanted to streamline its foreign trade processes, specifically the following:

-  US Export Compliance

Solution

AdvanSix partnered with Ropaar, the TradeBlazers in Global Trade, to weave SAP GTS into its organizational fabric. Using its TradeBlazers' Approach, Ropaar helped the client rapidly implement SAP GTS and optimize its US Export Compliance. The project was completed in just 4 months, allowing the client to quickly realize ROI.

Outcomes

The GTS project resulted in various competitive advantages, including the following:

-  Support AdvanSix's divestiture from Honeywell
-  Rapid implementation of SAP GTS within AdvanSix's Transition Services Agreement.
-  Maintain compliance and demonstrate reasonable care to regulatory authorities.
